## HUNDREDS OF LIVES ARE LOST

Spokane, Aug. 22.—(Special)—Hourly reports from fires in the forests of Northern Idaho and Western Montana are increasing the toll of death. The latest figures from Wallace are that 45 fighters probably have perished. In the hills near Sand Point Idaho forest ranger Vandyke and a crew of 35 recruited in Spokane are reported to have perished by flames. A woman and her daughter perished at Cabinet, Idaho. Five are known to have died near Newport in an attempt to reach the town along the Great Northern Pacific tracks. Between Spokane and Helena numberless fires are known to be raging fiercely but definite reports cannot be secured. Telegraph and telephone wires are down. Before communication with Libby, Montana, ended it was reported that every male resident of the town was working with 200 paid fire fighters to drive the flames from the south side of the village as a protection against the flames driving up around that district. A train of 25 horses were, yesterday afternoon, turned back in an attempt to reach a force of sixty-five men near a park which is known to have had but two days rations. Fires are burning on the shores of Coeur d'Alene lake. One was threatening the village of Sunny-side three miles from the town of Coeur d'Alene. Many homes on the beach have been destroyed. Reports from the burned districts poured into Spokane last night. Seven hundred men from Wallace crossed Lake Coeur d'Alene by boat and came to Spokane by electric line—Lethbridge Herald.

SIR WILFRID IS COMING

Lethbridge, August 24.—The visit of Sir Wilfrid Laurier to this city is going to be one of the biggest events that ever took place here. Several committees are already busy preparing for August 31st, when the premier and his party will be the city's guests. The reception will not be a political affair in the least, as all parties are uniting to do him honor. Sir Wilfrid and others of his party will address a public meeting held on the public square at four o'clock in the afternoon, after which a reception will be held in the Majestic theatre. Should the weather be unfavorable for an open air meeting, the addresses will be given in the Theatre and other halls which will hold the overflow crowds. Reduced rates have been secured on all railway lines for the occasion.

Friday, August 20th, 1910

A lazy man is about the same  
as a dead one. The principal dif-  
ference being that the lazy one is  
more in the way.

The world is divided into two  
classes, those who go ahead and  
do something, and those who sit  
still and enquire, "Why wa'n't it  
done the other way?"  
To which class do you belong  
dear reader.

Next to the wife beater comes  
the horse beater and it is to be  
regretted we have one or two in  
this community. A horse is the  
most noble and faithful of animals  
and the man who would abuse  
his horse has something lacking  
in his marboid.

We owe it to the community in  
which we live to do everything  
we can in every way possible  
that will be to its advantage.

Our neighbor's prosperity  
means a great deal more to us  
than someone's who lives else-  
where. We should bear this in  
mind in buying our goods. We  
can afford to pay our home man  
a firm price for his wares rather  
than send our money away. Know-  
ing as we that every dollar our  
own citizen makes will help to  
sustain our schools, churches and  
public institutions. It pays richly  
to patronize home industry.

About as good a way to study  
human nature is when you are  
driving on the public road. If a  
man is willing to observe the  
laws and the courtesies of the  
road, he will duly give his share  
of it when meeting another and  
shows he is willing to do the  
gentlemanly thing about it. But  
when you meet one who takes  
every advantage of those he  
meets, and holds the road for his  
own selfish self, often to the  
great discomfort of those he  
meets, or will not let them pass,  
we are almost sure to think of  
pork in connection with such  
drivers of teams.

Our postmaster formulates the  
following rules for the benefit of  
his patrons and that you may  
know what you may expect: No  
letters given out until they have  
been received. If you don't get  
a letter or paper on the day you  
expect it have the postmaster  
look through all the boxes and  
down the cellar also. It ought  
to be there somewhere and he  
likes to hunt for it just to please  
you. If your friend don't write  
save at the postmaster. He is to  
blame. If he tells you no, put on

a grievous look, and say there  
ought to be some. He is probably  
hiding your mail for the pleasure  
of having you call for it. Ask  
him to look again. If you are  
buying stamps make him lick  
them and put them on, that's his  
business.

## The Mission of the Children's Aid Society

A Children's Aid Society or a  
Committee empowered to act  
under the Children's Protect or  
Act of Alberta should be at work  
in every town and village in the  
Province to attend to cases of  
child neglect or cruelty, and to act  
in capacity of probation officers,  
or friends to the boys and girls  
who are in need of the helpful  
advice that an older person can  
give. The work of the Child-  
ren's Aid Society is:

To rescue homeless, abused or  
neglected children at the earliest  
possible age, from their unfortu-  
nate surroundings;

The finding of foster homes for  
children in need of such homes  
and the continuing of a watchful  
care over any children placed  
in such foster homes;

To protect society against the  
strongest of its foes - ignorance  
and vice, by the securing of good  
home conditions for children who  
would otherwise grow up under  
the most pernicious and evil  
influences.

To urge upon parents the ser-  
ious results bound to accrue from  
the careless training or neglect  
of their children during the most  
impressive years of early  
childhood.

To see that every child in the  
community has a chance to grow  
up to be a good citizen.

The home life of neglected  
children may be improved by a  
little kindly intervention, and  
failing there is a law in Alberta  
which protects helpless children  
from abuse or neglect and it  
should be appealed to promptly.

Homeless children should be  
taken care of at once and placed  
either in foster homes or sent to  
the nearest shelter where they  
can be cared for until foster  
homes are found.

Those interested in the work  
of the Children's Aid Society or  
those who know of cases of neg-  
lect or know of a home where a  
little child would be welcome,  
are invited to write to the Super-  
intendent of Neglected Children  
for Alberta, Edmonton.

## Taylor Stake Conference

(Continued from last week)

SR. MC CUNE

Sr. McCune spoke a few minutes which was very much interesting in the remarks that he made, and wherever the Latter Day Saints are there are good speakers and that she always enjoyed attending Conference, compared the country now and when she visited Canada ten years ago, said that work in the Church moved up with the times, said that we did not work for the dead as we should, and that we should take advantage of the opportunity of working in the Temples for the dead, also that there was a move by the Genealogical Association to get all the genealogies they could so that there may be more work done, told the object of this Association, and how we could take advantage of it, said that it was the desire of this Association to have the best literary in the world.

SR. LYMAN

Sr. Lyman said that she had enjoyed her visit at Raymond very much, because we had taken advantage of some of our opportunities, spoke very highly of the Public School, said that there was not to be seen in all the world, in a town so young, a school like one she spoke very highly of women who raised families, said that they would be blessed very much, told an article Col. Roosevelt had written on this subject, wherein he said that every woman who raised a family should wear a crown.

BP HARRIS of Cardston said that he had been very busy thinking along the same lines as the speakers who had preceded him. He was present in reply to a call made by Pres. Allen in regard to the Church School, spoke of an experience he had had with an infant in regard to the Gospel, spoke of some of his missionary experiences that he had raised more wheat this year than he had any other time in his life. Closed by the Choir singing an "Anthem Gratitude." Prayer by Elder Arthur Dahl.

Sunday School Session of Conference, commenced at 10 o'clock by singing "The Lord is my Light." Prayer by Elder Arthur Dahl. Examined by singing, "Catch the Sunshine." During the passing of the Sacrament, Sr. Harriet Allred played Organ Solos. Concert recitation of the Lord's Prayer was recited by members of the Raymond Sunday School under the direction of Sr. Mary Hyde. Sr. Sarah Anderson told a story to the children. The Primary class under the direction of Sr. Olga Anderson sang "Beautiful Isle of Somewhere." Standing roll of the Stake Priesthood was called, there were present 58 members of the High Council, 48 Elders, 15 Priests, 22 Teachers, and 24 deacons. Stake Officers, Relief Society 8, V. M. I. A. A., Y. M. I. A. 3, Sunday School 8, Primary 4, Religion Class 3, Members of the Bishoprics, Magrath 3, Tabernacle 1, Raymond 3, Stirling 1, Leonard 3, Wellington 2.

APOSTLE MCKAY

Apostle McKay said that it did not seem that two years had passed since he was here last, but such was case, time flies very fast and we had better make the best of our opportunities, time is always on the move but never returns, said that he wanted to talk to the children as they would not be to the after noon meeting, there was no session of the conference so inspiring as that of the Sunday School said that the 13th article of our faith was the most beautiful of all professions, advised all to study what was contained therein and to live up to it, likened a chaste mind to the purest water and our deeds to coloring; every impure thought and action color our mind until it is black with sin, even as the impure water is colored, not only that but it continues until our companions begin to be unchaste and impure, said that the Church School should be as clean and pure as it could be, so that those going to it would be clean from sin. Told a story of a boy who was honest and truthful. Closed by singing, "Thanks for the Sabbath School." Prayer by J. U. Allred.

Sunday afternoon session of the Taylor Stake Conference, commenced at 2 p. m., by the choir and congregation singing, "O! Say what is Truth." prayer by Bp. Arthur Fawcett, continued by the choir singing "Come Thou, Glorious Day of Promise."

Names of the General and Local Authorities were read and sustained.

SR. DOOSENBERRY

Said that she had been speaking ever since she had arrived here, but believed in doing what she was told upon to do by those she did ever tire, spoke very highly of the boys who had passed the sacrament in the morning session, commented on Apostle McKay's morning sermon, told of a father's experience with his daughter.

SR. MC CUNE

Told of a few experiences which had helped to strengthen her testimony, said that men and women alike were expected to be true from sin, and would be said they lived up to the principles of the gospel spoke of an editorial in the Ladies Home Journal, told a story about some boys, asked all present to study what they could concerning purity.

The choir sang, "Glorious things are sung of Zion."

ERO. KULON'S WELLS

Said that he was very pleased to see so many people who had come together to worship the Lord, that many good things had been said during the conference, was very pleased in a remark made by Pres. Allen, "We have other things to do besides making money." "Be ye perfect even as your Father in heaven is perfect," this is the Gospel of Jesus Christ.

PRIS. H. S. ALLEN

Said that he was very thankful to be in a land of so much sunshine and that he was very grateful for the flowers that had been put on the pulpit, said that the people in the stake were very beautiful and the majority were very good, the audience looked as if they were all prospering, that there was plenty in the land and was no need for suffering, as there was work for all men he expected there would not be so much tithing paid this year but he expected an honest tithing would be paid, said that all the organizations of the Stake were in good condition, that the Taylor Stake Academy would be opened about October 1st, that they had endeavored so far to meet their obligations, gave an account of the experience of the School, then what was at first estimated, that they would give each of the Organizations the privilege of furnishing different rooms and would put a card in them, stating who had furnished them, and that the people as a whole were very contented and satisfied, he thought that all could get through the winter without much suffering, advised all to be true to their word, and if we did not get our word we would be better off.

That our main object was not to gain riches but to live our religion and make the world better for our living, asked all to live a better life as all eyes were upon us, said that in the principles of the Gospel there is salvation for the human family and that if all would live up to them we would be a better people. That every one in the British Empire would be protected, also their property, that we should appreciate our freedom in this land. That the Church School would be a credit to the Province, and that there would be many things taught there that was not at present being taught in the schools.

APOSTLE MCKAY

Compared the lifting of the Church School with the lifting of the men who were unloading some rails from a car, that the men were led by a foreman and when he gave the word they would lift the rail and slide it to the pile where they were piling them, that in order for the people to lift the debt on the school they would all have to lift, that there would be shirkers, and the one who was honest would have to lift a share of the debt of the shirkers, told of an experience he had had in regard to a matter of this kind, said that he knew of nothing that had a greater influence for good than a Church School, and there was no investment so profitable, Told of some of his Church School experiences.

Closed by choir singing an Anthem, "Sons of Michael." Prayer by Bro. Ties, Brandler.

## TO OUR READERS!

By special arrangement we offer you a great opportunity to read

# "Chantecler"

EDMOND-ROSTAND'S wonderful "Chantecler" is the dramatic sensation of the world. In it Rostand proves himself to be one of the greatest dramatists of all times. "Chantecler" is not only the greatest play of the century—it is the one great play of the last hundred years. It is an exquisite story, palpitating with human sympathy and interest. It warms the blood—stirs the emotions—arouses every commendable sentiment. "Chantecler" sparkles with wit—counsels with wise philosophy—entertains with fascinating idiom—while the tones of the hour ball of today, and today's problems, are heard through the medium of "Chantecler's" deliciously up-to-date slang. No language contains sufficient superlatives to describe it. Only reading and study will enable you to appreciate it. It has aroused all France—London has gone mad over it.

### The Only English Translation

Rostand has chosen HAMPTON'S MAGAZINE as the medium through which to present "Chantecler" to the English-speaking world. The publication will be in four installments, one act to each installment, beginning at the June number. The translator is the same who helped to make "Cyrano de Bergerac" so fascinating to American booklovers.

We have made special arrangements with the publishers of HAMPTON'S by which our readers may get "Chantecler" and the many other fine features published in HAMPTON'S in connection with our own paper, practically without cost. Read our offer below.

## OTHER EXPENSIVE FEATURES

HAMPTON'S MAGAZINE every month contains the most costly, most important, and most interesting contents ever put between the covers of a general magazine. "Penny Own Story" of the discovery of the North Pole, a \$60,000 feature, is now a part of the most interesting story giving the pole to "Penny" that Commander Peary and his men discovered the North Pole. "The True History of the Southern Pacific Railroad" by Charles Edward Russell is one of the greatest magazine serials ever published. Mrs. Rheta Childs Dorr's articles on the "Power of the Women's Clubs" are without an equal in their appeal to women everywhere. Fiction contributors include the foremost story-tellers of the world: Arthur Stringer has a new series called "The Adventures of an Insomniac;" Judge H. Connolly describes in several stories his trip around the world with the American fleet; Frederick Palmer is contributing a series of short stories of which Danbury Hall is the central character. The only new idea in detective fiction since Sherlock Holmes is provided in the second series of stories about Luther Trust, the psychological detective, written by Edwin Balmer and William G. MacIntyre. Other Short Stories are by such favorites as O. Henry, Gouverneur Morris, Charles Schott Davis, Rupert Hughes, Josephine Daskam Bacon, Harris Merton Lyon and many others.

## Notice to Water Users

Certain essential repairs to the Canal require that we empty the Canal not later than Sept. 30th, next.

Irrigators, therefore, are urged to make the least possible use of the water during the remaining portion of the season as past experience has fully demonstrated the fact that late irrigation produces the best crop results.

It is the purpose of the company to endeavor to have the Canal in condition to take Water as early as Spring opens and the co-operation of the users is invited to this end.

## Dandruff Germs

Must Go.

In Canada the dandruff germs must go. The war of extermination has been declared. The battle has begun, and already thousands of intelligent Canadians have

permanently rid themselves of this filthiness.

To-day it is no more necessary for a man to have dandruff in his hair than to have tartar on his teeth.

Dandruff can never be cured until the small, aggravating and irremovable dandruff germ is conquered and destroyed.

And Millions of dandruff germs have been destroyed, thanks to the great scientist and dermatologist who gave to the world Parisian Sage, the only real dandruff cure and hair grower the world has ever known.

If you have dandruff, Parisian Sage will cure you in two weeks.

But besides ridding the scalp of dandruff, Parisian Sage is guaranteed to stop falling hair and itching of the scalp. It is not a dye. It is a prime favorite with women of refinement. It makes the hair soft, lustrous and beautiful, and is not sticky or greasy.
